

## People's Column

December 15, 1929.

Dear Editor:

I am taking liberty to write you a few lines at this time as I am graduated in aviation field and would like to know the name of the manager at the Bryan airport. I would like to work at my home town better than elsewhere. So be kind and do me a favor for I will appreciate it very much. Yours well known. Respectfully,

ALBIN BRANDESKY,  
Denning, N. M., P. O. Box 453.

## ABOUT BRYAN

Miss Tiny Ross and her brother, Wilma Ross, who have been spending several months with an aunt in St. Louis, will arrive tomorrow for a Christmas visit in the home of their parents, Mr. and Mrs. Geo. W. Ross.

Mr. and Mrs. Ralph Howell are anticipating a visit from their son, Ralph, a student at Texas University, for the Christmas holidays. Miss Elizabeth Howell, a daughter, who teaches in the schools of Charleston, Illinois, will spend her Christmas in New York City with Miss Vivienne Howell, a supervisor in the schools of Brooklyn, New York.

Mr. and Mrs. H. P. Smith and little son Herbert Stewart of this city will leave Saturday by automobile for Poplarville, Miss., where they will spend the holidays. They expect to return to Bryan about Jan. 1.

"Bryan is the best lighted town I have seen. No town in Texas three times its size is near so beautifully lighted," said George S. Eisert of Temple, former manager of the Bryan Hotel under the ownership of Mrs. J. S. Doane, who is here for a visit to former friends. Until recently Mr. Eisert has been managing the Oriental Hotel at Temple, but this past week sold out his interests. He did not make known his future plans.

## Rainbow Girls Will Be Guests Of Bryan OES

On Friday night, Dec. 20, Bryan chapter No. 222, Order of the Eastern Star will be hosts to members of the local Rainbow Assembly and their invited guests at the Masonic lodge room, immediately following the regular Rainbow meeting.

Members of the Eastern Star and Masons are urged to attend the Rainbow meeting and remain for the social features to be provided later, according to announcement made by Mrs. Thos. Lundin, Worthy Matron of the Eastern Star chapter.

## Pupils in Latin At Austin High Form Latin Club

The Latin students of Stephen F. Austin high school met Tuesday afternoon, Dec. 17, and organized a Latin club.

Officers were elected as follows: Consul, Ann Bentley; pro consul, Davis Grant; scriba, Shirley Johnson; quaestor, William Nash; nuntius, Earle Tardy.

This club is sponsored by Miss Alberta Scott, the high school Latin teacher. Meetings are held every other week at which time a program is rendered by different pupils.

## Coldest Weather of Winter Hits Texas; Mercury Drops to 31 in Bryan Last Night; Colder Tonight

DALLAS, Dec. 18.—Winter struck Texas its hardest blow today

## Great Increase In Federal Aid For Roads Seen

WASHINGTON, Dec. 18.—The house roads committee today reported the Dwell bill to provide for an annual increase of from \$75,000,000 to \$125,000,000 in the federal highway aid fund.

# Laredo Loses Christmas Trade From Mexico

## 57 BODIES ARE RECOVERED FROM OKLAHOMA MINE

## Wisconsin May Bar The Sale of Texas Real Estate

### MOODY MAKES PROTEST TO GOV. KOHLER

Asks That Texas Be Heard Before Decision

### STATE REALTY BOARD Proposes To Bar Sale To Citizens of Wisconsin

(By Associated Press)  
AUSTIN, Dec. 18.—Governor today appealed to Governor Walter Kohler of Wisconsin to intervene with that state's real estate board asking action restricting the sale of Texas real estate to citizens of that state be deferred until Texas can be heard. Governor Moody was advised the board contemplated forbidding Wisconsin realtors from selling Texas real estate after January 1, and said such action would be discriminatory against Texas.

### MAN CRAZED BY WHISKEY RUNS AMUCK

SHOOTS THREE MEN DEAD AND INJURES GIRL, TWO WOMEN

(By Associated Press)  
ROMNEY, W. Va., Dec. 18.—Three persons were killed and three others wounded by a liquor-crazed man who visited them at their homes today and shot them with a shotgun.

### INTEND TO MARRY

Something of a pre-Christmas rush was experienced in the office of County Clerk Jess B. McGee, Tuesday, as five couples appeared to file notice of intention to marry and applications for marriage licenses. They were: Jesse Martin and Ida Mae Ranson; M. P. Gregory and Louise Gregory; Jesse Steen and Altha Thurman; Hugh Sessions and Jessie O. Phipps; William G. Cloud and Frances S. Wilkes, all of Brazos county.

### EDGE TERRACING PROGRAM

County Agent C. L. Beason will go to Edge on Thursday to conduct a program in terracing there. He will be assisted by Vernon L. Miller of Arlington, representing the Martin Ditcher Co.

### COTTON MARKET

The cotton market bounced up about as much as it did down Tuesday. Futures closed from 8 to 10 points up. New cotton showed a slight gain, being quoted from 16 1/2 to 16 3/4 cents.

as a northwest wind sent the thermometers tumbling. Childrens, Wichita Falls, Dallas and Nacogdoches had low marks, ranging from 13 to 26 degrees. Colder weather is promised for tonight.

The thermometer dropped with a bang in Bryan last night. The high temperature for Tuesday was 78 degrees. During the night the mercury dropped to the low point of the winter, 31 degrees being recorded. This afternoon at 2:30 o'clock the temperature was 35, with the prospect for freezing weather again tonight, but warmer temperatures Thursday.

### Masonic Banquet At College Club Enjoyable Feast

More than fifty Masons from College and Bryan enjoyed the banquet given by the A. and M. College Masonic Club at the college banquet rooms and the excellent address on "The Symbolisms of Masonry," delivered by Tom M. Bartley, grand recorder of the Grand Council of Texas and grand secretary of the Grand Chapter of Texas.

The guests of honor were: T. M. Bartley of Waco; Frank Oldham of Waco; Dr. C. A. Searcy, district deputy 29th district, of Bryan; F. E. Lichte, secretary Stephen

### District Agents Conclude Annual Meeting Tuesday

Miss Lucy Givens, home demonstration agent for Brazos county, and C. L. Beason, county agent, have returned from Houston where they were Monday and Tuesday to attend the annual conference of home demonstration agents and county agents in District 6 of the Extension Service of which George W. Johnson and Miss Sadie Hatfield are district agents.

They report an interesting and profitable meeting with some 35 or 40 agents, specialists and staff members present throughout the season.

### Bryan Co. of C. Men Will Hear Schwab Speak at Houston

J. Bryan Miller, city manager, and S. E. Eberstadt, secretary of the Bryan and Brazos County Chamber of Commerce, went to Houston this morning to attend the annual banquet of the Houston Chamber of Commerce. J. Webb Howell, president of the Bryan organization, and Mrs. Howell, went this afternoon to Houston for the same purpose.

The chief speaker at the banquet tonight will be Charles Schwab, chairman of the board of the Bethlehem Steel Company and for many years an outstanding figure in the steel world, being one of the products of Andrew Carnegie's school for developing masters in the steel business.

### Bids Are Sought For Road Bonds Of Brazos County

Bids for the printing and also for the sale of county road bonds in the sum of \$250,000, voted in a county wide election Sept. 28, for the purpose of improving designated rural roads of the county, will be received by the county commissioners court on January 8, 1930.

The petition for the election specified that the bonds should be sold for not less than par and accrued interest, but the county officials are hopeful of securing bids that will permit sale on this basis, so that the work of rural road improvement may be started early in the year.

## WEATHER

(Special to The Eagle)  
NEW ORLEANS, La., Dec. 18. For Bryan and vicinity: Fair with cold wave tonight with temperature ten to sixteen; Thursday fair. East Texas: Fair with severe cold wave tonight. Temperature 4 to 26. Thursday fair with slowly rising temperature. West Texas: Fair and colder tonight. Temperature 2 to 20. Thursday fair with slowly rising temperature.

### NAVAL CONFERENCE ADVISERS

Adm. Sir Charles Madden, chief of naval staff (right), and Vice Adm. Sir William Fisher, deputy chief of naval staff, will act as advisers to British naval conference delegation.

### Community Building Discussed at Bryan Lions Meeting Tuesday by Rev. E. C. Morris of Free Baptist

"Some things need to be pushed out of a city," said Rev. E. C. Morris, new pastor of the Free Baptist church in speaking before the Bryan Lions Tuesday. Continuing he said, "A city is known by its citizenship rather than by its buildings, but a progressive citizenship will not permit public institutions to be poorly housed. In this connection Rev. Morris complimented Bryan on its public buildings.

Rev. Morris was introduced by

### Bryan Doctor Has Fine Valley Ranch

The proof of the fruit is in the eating thereof and the Eagle force can testify to the quality of the grapefruit that is grown on the Dr. A. L. Mondrick ranch, five miles from Brownsville on the Point Isabel road.

Dr. Mondrick recently made a trip to his Valley ranch and while there remembered the Eagle force with a box of grapefruit. This fruit was of the highest quality, seedless, thin skinned, fine flavored, sweet and juicy, and was tangible evidence of what that section can produce.

The Mondrick ranch consists of 32 acres and all cleared with sixteen acres planted to 5 and 6 year old citrus. These trees this year produced 146,000 pounds and at the low cost of selling netted 10 per cent on the investment, according to Dr. Mondrick.

Dr. Mondrick plans to plant the remainder of the ranch in citrus this next fall and winter. When fully improved it will be the vacation grounds for Dr. Mondrick and family.

### Cadet from Waco To Lead Eleven Of Allen in '30

At a meeting of the Athletic Association and letter men of the 1929 Allen football team, Felix Nelson was selected to lead the team as captain during the season of 1930.

Nelson comes from Waco and was one of the outstanding end men of the Allen squad this season. He gives promise, according to Head Coach T. F. Wilson, of developing into one of the greatest ends the school has had. The prospects for the new year are that there will be some eight letter men back when the 1930 season opens.

### FIVE MEN ARE UNACCOUNTED BY SEARCHERS

Gas and Wreckage Are Handicaps To Recovery

### CONVICTS DIG GRAVES For Wholesale Burial of Explosion Victims

MCALISTER, Okla., Dec. 18.—Fifty-seven bodies were recovered today from the Old Town Coal Company mine where yesterday 62 miners were trapped by an explosion. The bodies, wrapped in sheets, were laid in rows on tables in two rows. Nine were unidentified. Only the friends and relatives of miners unaccounted for were permitted to view the remains.

Identification was difficult and 5 are unaccounted for but the workers believed their bodies would be found during the day.

The search was retarded by the presence of gas and wreckage caused by the explosion. It was announced a crew of convicts from the state penitentiary will be brought here to dig graves for a wholesale burial.

### "Ad Error" Page In Weekly Eagle Will Pay Study

Readers of the Weekly Eagle for this week are offered a special inducement to do their Christmas shopping in Bryan through the co-operation of 39 business concerns of the town who are each contributing merchandise or service to the value of \$1 to be awarded to readers who bring a page of specially arranged advertising material to the Eagle office with errors intentionally left in "ad" spaces properly marked.

A few minutes spent in studying the "ads" carefully will be rewarded, provided one is among the first 39 to submit the page to us. The names of products mentioned, the names of firms and the general type of the "ads" must all be studied if all efforts are to be located. Readers are urged to compare signatures of firms with those used in other "ad" spaces by the same concerns to be sure that they are properly spelled. Don't fail to study the special page.

### INTEND TO MARRY

Two couples filed notice of intention to marry and applications for marriage licenses with County Clerk Jess B. McGee Monday. They were Wallace Henry and Grace McDonald and John Moya and Jaunita Salos.

### Cotton Ginnings In Brazos Total 11,177 to Date

Reports from the bureau of the census, department of commerce at Washington, show that prior to Dec. 1, cotton of the 1929 crop baled in Brazos county totaled 11,177 bales, counting round bales as half bales.

This figure compares with a total of 25,992 bales of the 1928 crop ginned prior to December 1, last year.

### COLD WAVE TODAY MAY SAVE 1930 FRUIT CROP

Fruit trees in Brazos county orchards were budding to bloom yesterday, but today the cold north wind will retard the growth, saving perhaps the fruit crop of the coming year.

### Arrives In America

Prince Friedrich Leopold of Prussia, who arrived in New York for a short American visit.

### SATTERWHITE CASE WILL BE FINISH FIGHT

STATE'S MOTION GRANTED AND DEFENSE WILL FILE ANEW

Elwell Satterwhite, who has been confined in the county jail since Mar. 12, 1928, when he was convicted of a statutory offense, pending final action in his case by the court of criminal appeals, still continues to wonder just what fate has in store for him, as the result of the latest decision of that body in his case.

After first affirming the verdict of the district court and then reversing it and remanding the case for new trial, the court has just announced a decision granting the last appeal of the state for a rehearing and affirming the case. As a result Judge Lamar Bethea and John M. Mathis Sr., attorneys for Satterwhite, will file a new motion for a rehearing of the case. "The fight has just started," said Judge Bethea in speaking of the case this noon.

After Satterwhite was convicted March 12, 1928, he was confined in jail and has been there since that time. The case was appealed and the first decision of the court of criminal appeals affirmed the verdict of 35 years in state prison. Later, as a result of another motion filed by defense attorneys, Chief Justice W. C. Morrow of the court, in an exhaustive opinion, reversed the case and remanded it for retrial. Then the state filed a motion for a new hearing. In the decision just handed down Judge O. S. Lattimore wrote the decision, concurred in by Judge Lee Hawkins, in which the motion was granted and the case affirmed. Chief Justice Morrow wrote an opinion in dissent, maintaining the position he had taken in his earlier opinion in which the case was remanded.

### Three Murder Cases Reversed, Remanded Because Indictments Omitted "Malice Aforethought"

(By Associated Press)  
AUSTIN, Dec. 18.—Three death penalty murder cases were reversed and remanded by the court of criminal appeals today because the indictments failed to allege the defendants were "malice aforethought." The indictments merely set out that they "voluntarily" killed. The cases were those of Ardel Landers and Dewey Hunt of Dallas county and Jose De Pena of El Paso county. Cases were submitted last Wednesday, the same day the court held in a life imprisonment murder case that the indictment must allege "malice aforethought" if a penalty greater than 5 years is inflicted. The cases were those of

### MEXICANS TO LEVY IMPORT ON PURCHASES

Latest Move In Return For Threat To Hold Ex-Pres. Calles

### APPEAL SENT STIMSON Asking Influence That Consulate May Be Reopened

(By Associated Press)  
LAREDO, Dec. 18.—Merchants in the midst of the holiday shopping season today learned that Mexicans across the border no longer can carry small imports duty free from the American to the Mexican side here. Notice of this latest move in retaliatory measures adopted by the Mexican government against District Attorney John Valls' attempts to arrest former President Calles was posted on the Mexican side of the international bridge.

Trade from Nuevo Laredo and other Mexican points constituted a considerable portion of Laredo's retail commerce. Reports that the consulate would be removed to Brownsville or Eagle Pass are said to be premature. No action has been taken. "At least a week will elapse" before a decision is made, consulate attaches said.

### (By Associated Press)

WASHINGTON, Dec. 18.—The state department is considering Governor Moody's request for aid in having the Mexican government reopen its consulate at Laredo, which was closed as a result of District Attorney Valls' threats to arrest former President Calles. The department desires a re-establishment of commercial relations at Laredo, but its action is undetermined.

### (By Associated Press)

AUSTIN, Dec. 18.—Secretary of State Stimson was asked by Governor Moody to take up with the Mexican government the matter of reopening the consulate and the port at Laredo, in a message sent late Tuesday.

### (By Associated Press)

LAREDO, Dec. 18.—Governor Dan Moody, in a long distance telegram (Continued on page 5)

### BEAUMONT BANK WILL PAY EMPLOYEES BONUS

(By Associated Press)  
BEAUMONT, Dec. 18.—As the first bonus announced by local firms to be paid employees as a Christmas remembrance, the First National Bank has announced that it will pay all employees five per cent of their annual salary. This bank recently declared a three per cent extra dividend for stockholders, to be paid December 20.

### NEGRO HOME BURNED

A one room house occupied by Lijah Robinson, negro, was destroyed by fire shortly after noon today. The blaze was caused by a defective flue. The house was located on East 29th street, just at the city limits. The loss was not estimated.

## IN SHOW HELD AT PALESTINE BY ETEX C. C.

**Boriskie Birds Lead Others From County**

**REID IS ENTHUSIASTIC**

**Over Progress Shown In Improving Flocks**

"It was a great show," said Dr. D. H. Reid, head of the poultry husbandry department at A. & M. College in speaking of the East Texas Poultry Show at Palestine last week, "and one of the most significant features was the fact that while breeders who have been showing birds for years took their share of the awards, there were many breeders who entered winning birds in this exhibition, who had never placed an exhibit outside of their own county before."

The 125 birds entered by Brazos county breeders made a good showing alongside of birds from every section of East Texas according to Dr. Reid, who acted as one of the judges for the show, and the list of awards brought back by the Brazos county entries attest the fact that this section is well suited to poultry raising.

V. J. Boriskie and W. T. Conoway gave personal supervision to the birds sent by local breeders, making entries in both production and exhibition classes from flocks owned by the following: A. & M. Experiment Station Farm, Poultry Department of A. & M. College, C. E. Jenkins, Z. L. Jones, C. B. Godbey, E. M. Seeman, V. J. Boriskie, W. T. Conoway, F. W. Kazmeier, J. H. P. Chastun, R. P. Herndon, Chas. Sosolik, R. Franze, and C. H. Schram.

It is likely that the Golden Rule Poultry Farm owned by V. J. Boriskie carried off a total of awards equal to that received by any other individual breeder exhibiting at Palestine this season. Seven 1st, three 2nd, two 3rd, one 4th, two champions and one grand champion awarded as follows: In exhibition class—First on Barred Rock young pen, second and third on Barred Rock pullet, first on Barred Rock hen, champion on Barred Rock old hen. In production class—First on Barred Rock young pen, first on Barred Rock pullet, first on Barred Rock cock and second on Barred Rock hen. In AMH class—On production class White Leghorns, Boriskie won, first on flock, first on cock, second on hen, third on young hen, fourth on pullet, champion on cock and grand champion on cock.

In the Rhode Island production class F. W. Kazmeier won first on young pen.

J. H. P. Chastun took first on old pen in Barred Rock exhibition class; also first on pullet, second and third on hen and first on cockerel in this division.

E. M. Seeman entered White Wyandottes in the exhibition class, receiving first award on pen and second and third on hen in that division.

C. A. Schram's turkeys carried off first on old tom, first on old hen and third on old hen, and this in the face of stiff competition from other exhibitors, according to Dr. Reid.

C. E. Jenkins had four White Leghorns in the exhibition class, winning two of the awards in that division.

C. B. Godbey won first and second on Buff Leghorn hens and two firsts and a second on Columbian Rocks in small classes.

While, according to Dr. Reid, the White Leghorns from Golden Rule Farm were a feature among some 200 birds exhibited in that class, other birds entered by Brazos county breeders made an extremely good showing and were the subject of favorable comment among poultry men who were not connected with the judging activities.

"Participation in the East Texas Poultry Show for this year has definitely placed Brazos county on the poultry map of Texas," said Dr. Reid, who added that along with many other East Texas counties, the exhibits from here showed conclusively that East Texas farmers are constantly improving the flocks kept about the farm home and after all that is the most significant and important objective held by the organizations and departments under whose supervision the exhibit at Palestine was arranged and held this year.

Many of the birds shown at Palestine had been judged winners at the State Fair in Dallas, according to Dr. Reid.

**6 6 6**

is a Prescription for Colds, Grippe, Flu, Dengue, Bilious Fever and Malaria. It is the most speedy remedy known.

## Will Give Bibles To Sunday School In His District

Each class in each Sunday School in County Commissioner District No. 2, will be given a Bible by County Commissioner Emmett Holland. The presentations will be made Sunday, Dec. 22.

The superintendent of each Sunday School and the teachers of each class will choose the member to receive the Bible.

Commissioner Holland already announced that he will make a similar presentation to the Sunday Schools of his district in 1930.

## Needless Damage To Holly, Youpon Trees Protested

The Garden Club of Houston, which has attracted statewide attention and approval in the effort to protect Christmas holly and youpon, continues its program of conservation daily by the united efforts of its members and also by attractive articles in the press of that city. This club is now urging the planting of holly trees in city parks and yards, and declaring that, "holly leaves withstand the smelt and grime of the city well, and grow surprisingly with proper care."

The Garden Club of Houston was complimented recently by State Forester E. O. Seicke of College Station, on their holly conservation campaign. Mr. Seicke says: "I am heartily in favor of any project to arouse public sentiment against the wanton practice of needlessly mutilating holly and youpon trees. My observations indicate that these trees are becoming more and more scarce, not only in the vicinity of our larger cities, but also in the more inaccessible regions."

## New City Hall Is Occupied by Officials Today

City officials were in their offices in the new Municipal building this morning and from this time on all business will be transacted in the new building rather than in the temporary quarters that have been used in the library building.

Residents of Bryan and vicinity are invited to make an inspection of the building on Friday night, when it will be thrown open to the public for this purpose. All city officials will be present, but no formal program has been prepared, and all former city officials, commissioners and aldermen are urged to be present.

## Fire Department Makes Last Run From Old House

The last run of the fire department from the old station, occupied for about 20 years, was to answer an alarm sent in from the home of J. Webb Howell, where a box of Christmas decorations caught fire but was extinguished with no damage.

The department moved all equipment from the old building this afternoon to the new quarters in the new Municipal building and from this afternoon will operate from the new central station, in which the four pieces of equipment all are housed.

## Funeral Today For Aged Woman; Died on Sunday

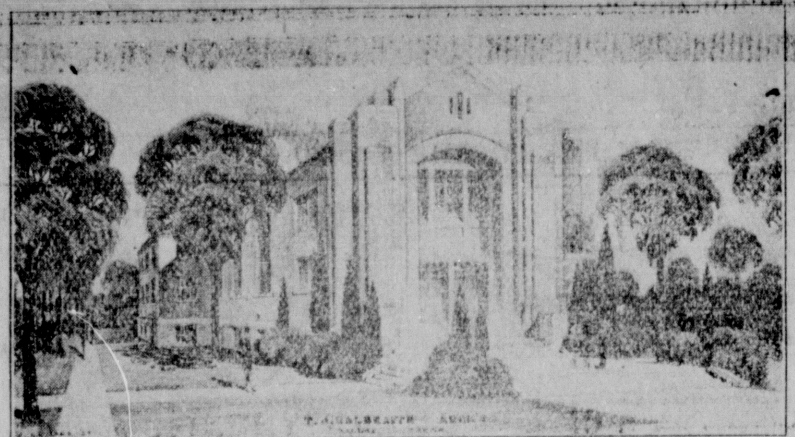

Mrs. Annie Hanus, aged 75 years, 9 months and 3 days, died at the home of her son, Joe Hanus, five miles west of Bryan in the Red Hill community, Sunday evening at 7 o'clock after a long and painful illness.

Funeral services were held Monday afternoon at 2:30 o'clock at the family home and at 3:30 p. m. at St. Joseph's Catholic church in Bryan, with her pastor, Rev. J. B. Gliessner officiating. Interment was made in Mount Calvary cemetery.

Mrs. Annie Hanus was born in Europe and came to the states and to Brazos county to reside in 1911, and had been a citizen here continuously for the past 18 years. She is survived by her husband, Lewis Hanus, four sons and two daughters: John, Frank and Joe Hanus, Bryan and Lewis Hanus Jr., Houston, Mrs. John Luza of Bryan and Mrs. Annie Lukas of Czechoslovakia.

FOR RENT:—40 acre farm, about 8 miles from Bryan; good 4-room house and water. For information address P. O. BOX 340, Bryan, Texas.

## NEW METHODIST CHURCH AT HEARNE

The beautiful new Methodist church at Hearne has been completed and the first service was held recently, the sermon being preached by Dr. E. W. Solomon, pastor, who at one time served the First Methodist church in Bryan.

## Agricultural Development Brazos County Is Discussed by Directors Bryan C. C.; Ask Recommendations

Road improvement and various phases of agricultural development in Brazos county were discussed by directors of the Bryan and Brazos County Chamber of Commerce this morning and plans for work to be done in 1930 along these lines were tentatively outlined. Among the agricultural matters talked of were the new cream route, the tomato growing project that was launched recently and the eradication of the cattle tick in Brazos county.

President J. Webb Howell asked that all chairmen of committees of the organization check up on their work for the past year and outline recommendations for the work that might be made a part of the organization's program for 1930.

F. L. Henderson, in speaking of road improvement in the county, stated that efforts now were being made to sell \$250,000 worth of bonds, voted Sept. 28, in a county wide election for rural road improvement. As quickly as they were sold, he said, work on the

rural roads, as outlined at conferences between county officials and residents of the various sections of the county would be started.

E. E. Yeager, reporting on the development of the cream route which was opened a week ago, stated that the third collection trip brought in more cream than the first or second. He stated there was reason to believe this amount would increase weekly, as interest in the project was growing steadily.

The death of H. C. Fulgham, prominent business man and active in the work of the Chamber of Commerce, was noted by Mr. Henderson. A committee to draft resolutions of regret at his death was named and includes Mr. Henderson, W. K. Higgs and M. F. Vitopil.

The next meeting of the organization will be held Tuesday, Jan. 7. Present this morning were: F. L. Cavitt, H. O. Kergusson, F. L. Henderson, W. S. Higgs, J. Webb Howell, W. I. McCulloch, J. Bryan Miller, M. L. Parker, M. F. Vitopil and E. E. Yeager.

## Plan Much Work On State Roads Next Two Years

Division Engineer John Blair, who just has returned from a conference of division engineers of the state highway department at Austin with heads of commissions, stated that a budget for the next two years has been prepared and worked out.

If the money were available, so far as the commission is concerned, Mr. Blair said, approximately \$1,000,000 worth of road work could be laid out for the next two years without going into any counties where money for road work had not been provided by bond issues.

The total income of the commission for the next two years, however, including receipts from the counties of money voted for road work, will approximate \$85,000,000.

This year the department authorized about \$46,000,000 worth of construction with an income of approximately \$32,000,000. For this reason, it is said, less work than otherwise would be the case will be contracted for this year.

The work of surveying the route of Highway No. 21, which will be paved within the next year or two, according to present plans, so far as the Brazos county stretch is concerned, is not completed. The staking of the Old San Antonio Trail has been finished, however. The route for Highway No. 6, from Bryan to Benches, surveyed some time ago, will be improved shortly by an official of the United States bureau of roads. After this route has been approved, it is expected

the highway commission will let a contract to cover this work, according to Mr. Blair.

## Jail Is Crowded By Many Negroes Saturday Night

Sheriff J. H. Reed told a "hand" of business in the way of accommodations for guests at the county jail Saturday night and Sunday morning, turning the keys on 15 negroes before the break of dawn Sunday morning.

About 2 o'clock Sunday morning city and county police searched a negro house in the north end of the city and placed 11 alleged crack smokers under arrest. Some of these already have paid fines and it is expected the others will sometime today.

Saturday night Sheriff Reed, Constable Horace Reed, Chief of Police Martin and Officer Tillis went to the home of Henry Scott, negro, on the Kurten road and placed him under arrest on the charge of violating the prohibition laws. Four gallons of contraband were found in Scott's smokehouse and this was confiscated. Scott will be brought before Justice of the Peace J. T. McGee late this afternoon for examining trial.

Toke Rocks, a negro living south of College, was placed under arrest Saturday night and charged with assault to commit murder. The arrest followed an alleged attack on John Johnson, negro. Rocks is said to have beaten Johnson about the head with a piece of heavy timber, inflicting severe scalp wounds.

## PERMANENT WAVING

**All Waves \$5 and \$7.50**

**Union Barber and Beauty Shop**

P. J. PALASOTA, Prop. 2411 MAIN ST. PHONE 556

We wish to announce that we have Maud Snell, a graduate of the Moler System Colleges in the class of 1926, as a Beauty Operator. During her career as beauty operator Miss Snell has never had a failure in permanent waving. She is also an expert on Finger Waves, Marcellis, Hair Dyeing and Manicures.

She extends you a cordial welcome and best of service.

## Home Improvement and Adornment Are Frequently of Greater Value In Rural Life Than Anything Else

BY NELL BENTLEY

Between seasons on the farm is about the only time when the farm family can take the time to look things over and make plans for home improvement and consider how best to get one's money's worth for every dollar spent inside the house and out. It is planting time, painting time, papering time and planning time. What does the average farm home need? How much can be allowed for home improvement this year? And what may be purchased to give the family the greatest comfort, convenience and pleasure for the money spent?

Edgar A. Guest said, "It takes a heap 'o' livin' in a house to make it home," and our experience over more years than ethics demands that a lady admit, has been that where that "heap 'o' livin'" takes place there will be need for steps to be repaired and rebuilt, window lights replaced, porches and floors given attention, and various and sundry jobs of touching up and clearing away must be done at odd times and throughout the year.

A fresh coat of paint on a farm home usually does more to raise the morale of the farm family and inspire the neighbors to dress up their premises than most any other thing that the average farm family might do with a few dollars invested and a few hours spent at the job. The only thing more important than painting the outside is repapering and refinishing the inside and installing running water, or other labor savers and comfort givers that will be daily reminders of home interest and constant inspiration to home pride on the part of the farm family.

Farm homes in this section of Texas have little decoration to boast in a state of barrenness and ugly surroundings. By choice or accident, many of the humblest of Brazos county homes are among oaks and other natural growths of vines and shrubs that men have paid dearly to possess in other sections of the United States, and that even in other sections of Texas men would pay elaborate sums to have placed about their homes. Within the past few months I heard a man from the Panhandle of Texas say, "I'd give \$500 to have that one big oak tree in my yard at home." Youpon bushes ablaze with brilliant red berries never fail to hold the admiration of those who have never seen them before. Where such things grow so easily and so commonly, we neither prize them highly, or make an effort to grow the things that other folks might be satisfied with their nature has been less generous in providing home settings of beauty and appropriateness.

## J. P. ANDREWS IS VICTIM ON SUNDAY NIGHT

**Was Going To Church When Struck By Automobile**

**PETE BONANO DRIVER**

**Of Car Tells Police Accident Could Not Be Helped**

J. P. Andrews, aged 79 years, was fatally injured about 7:30 o'clock Sunday night when he was struck by an automobile driven by Pete Bonano and died about one hour later in a Bryan hospital. Injuries about the head were the cause of death.

Mr. Andrews, who lived with his daughter and son-in-law, Mr. and Mrs. Walter Vance, was on his way to the evening service of the Church of Christ, at the Carnegie library building when the accident that proved fatal happened. He was at the corner of 17th Street and Bryan Avenue when Mr. Bonano drove around the corner.

According to a statement Mr. Bonano made to Chief of Police Martin the accident was unavoidable. He said that Mr. Andrews, apparently confused, dodged in a sort of zigzag fashion and got directly in the path of the car before it could be stopped. After the car hit Mr. Andrews Mr. Bonano first called a physician and then for an ambulance, which took the aged man to the hospital, where he died about one hour later. The accident happened about 7:30 o'clock.

Mr. Andrews is survived by his daughter, Mrs. Vance and his son, Jack Andrews, who is a night watchman in Bryan. Funeral services were held this afternoon and the remains were taken overland to Concord, Grimes county, for interment.

Roses, cannas, crepe myrtles, numerous hedge plantings, bridal wreath, japonicas and any number of annuals and perennials grow to perfection here. December and January are considered the best months for setting shrubs and trees here and it will soon be time to plan for any plantings that must grow from seed this spring. Don't let the year go by without making plans to have some flowers, however humble or ordinary, bloom in your yard this spring and summer. They will more than pay for the time and trouble of planting if you choose plants that are adapted to the soil and location of planting. Old fashioned four-o'clocks, zinnias, petunias and larkspur are some of the colorful and beautiful things that will grow about most any home under most any circumstances if given but half a chance to live and bloom.

Now let's step inside the house and see what other needs and wants most. Maybe its an extra window where she can have plenty of light to see how things are coming on at the stove, or maybe she would like to have that window over her work table so that she could see the flowers, watch the children play, or just watch the cars passing on the highway. Nothing is quite so utterly lacking in interest and entertainment as a job of dishwashing when all one has to look at is a blank wall and it not even freshly painted or papered. Try moving the work table around so that you can look out at just most anything for a day or two and if you can't put sink or table there permanently, just saw out a hole and put in a window. There is nothing impossible about that.

First of all make the kitchen, which is the workshop of the farm home, comfortable, attractive and convenient. A small investment in paint, paper, linoleum and curtain materials and a few hours work with hammer, saw and paint brush might pay better in the average farm home than an investment in some modern machinery or a highly bred animal for the farm herd. Don't forget that water is the constant demand in any kitchen and that the farm woman has plenty to do without wasting time and energy at carrying it in and out by the old bucket method. Many farm homes in Brazos county could have running water in the kitchen and also provide for piping the waste water out at a cost not to exceed 15 to \$25. Write the Extension Service at A. & M. College for simple home water system plans.

While we are considering the inside of Brazos county farm homes, let us remember that wholesome music, books and games and attractive home surroundings have their influence on old and young in any home, and the lack of these properly provided usually results in the urge for entertainment, diversion and companionship leading youth and adult alike into interests outside the home and of doubtful character building quality. Nobody blames the boy or the girl today who leaves home just when they reach an age of economic value as well as social importance, when homes might be made attractive and comfortable at so small an investment. Think it over and see what might be added to your house at small cost and great return in happiness and contentment.

Don't let the busy spring season return to your home and your farm without adding some feature of comfort, convenience or satisfaction that the entire family may enjoy.

## The McCormick-Deering Ball-Bearing Cream Separator

## The Pride of the Household

That's what this modern machine can't help being—the McCormick-Deering Ball-Bearing Cream Separator is so far ahead in design and appearance. It is beautiful to the eye—glossy black japanning with gold pin-striping. It has graceful lines. It is sanitary and easy-cleaning, from the rounded supply can down to the open base, inside and out.

But the big things in the new McCormick-Deering are the ball-bearing equipment at every high-speed point, the wonderfully efficient bowl design, and the positive automatic lubrication. These give you a surprisingly easy-turning separator, cleanest possible skimming whatever the condition of the milk, long life for the machine, and top profit from your milking.

One of the six sizes of the ball-bearing McCormick-Deering will be a splendid investment. Hand, belted or electric. Come in and have it demonstrated. Our time payment plan (12 months) will help the machine to pay for itself.

Ask anyone who owns one.

See this machine in our Bryan street warehouse and request a demonstration, it will be a pleasure to show you. By owning one of these separators you may connect up with one of the newly established cream routes, thus adding materially to your source of revenue.

## Financing Texas Road Building

No better example of the need for financing road construction in Texas by a state wide bond issue could be found than the fact that the state highway department, if its income for 1930-31 would permit the matching of funds voted by various counties of the state that seek road improvement, could outline a campaign of improvement that would cost approximately \$91,000,000. This project, large as it would be, would mean many gaps in state roads, due to counties not voting bonds, and the failure to improve other sections which are important in the solution of traffic problems of the state.

In a nutshell, the present system of high financing permits only piecemeal road building. The highway commission may plan projects of real value and importance to the state but in view of the fact that it is dependent, for financial support, upon the legislature, it is impossible for the commission to plan definitely or to build, from year to year, links that finally would mean a complete and satisfactory road system.

But if the road construction of the state were financed by a bond issue, based on a gasoline tax, the highway commission could go ahead and plan entire systems, without breaks and gaps, and be certain that the funds would be available for their completion. An example of this condition is found from Bryan to Houston. The Waller county stretch, of approximately 20 miles, remains the only unpaved section. Part of this likely will be improved in 1930 since a road district in the county has voted bonds for about half this mileage. But the other gap will remain, unless bonds are voted, and if they are not the commission is practically powerless to make the improvement, since its funds must be used in counties or districts that have voted money for road improvement. But if the commission were financed by a bond issue it would be possible for that body to plan and complete the paving in Waller county regardless of whether bonds were voted or not. In fact, under this plan of financing, it would not be necessary to vote bonds for the improvement of state designated roads.

Not only would this system of financing make possible the improvement of the state owned roads of Texas in such fashion as to develop whole systems of state roads, but it would put the burden of road construction on the shoulders of those who should bear the responsibility. The people who use the roads. Not only is there a distinct lack of justice in taxing real property for the paving of roads used by Tom, Dick and Harry, but it probably makes much more use of them than many of the property holders who bear the burden—but there is a distinct lack of economy and efficiency in the process.

Other states, as North Carolina, to cite a shining example, have learned this truth and their road construction, financed by state bond issues, has resulted in one of the finest systems of paved roads in the entire country. They have been built, not a few miles here and a few miles there, but as units in a well planned system. And the people who use them day after day are the people who are paying for them and supplying the funds for their maintenance. This is the system Texas should adopt, and this step cannot be taken too soon, when the importance of properly planned and paved road systems in the development of the state is recognized.

## Eliminate the Tick

Indications are that the cream collection route, opened in this county last week, will grow steadily in importance and that the volume of cream collected from the farmers will increase as more of them learn that it pays well to market their cream in this manner. As this route develops a larger volume and farmers profit more and more, other routes may be expected to be organized and Brazos county eventually to take its place with other East and Central Texas counties that count in the world of dairy products production.

This development serves again to call attention to the need for tick elimination in this county. There are sections in Texas where the dairy business has been developed that have been made tick free, and this is a step that must be taken in Brazos county and in the other sections of the state that have not yet rid themselves of this parasite that handicaps both the dairy and the beef cattle industries.

During the present year the federal quarantine has been lifted from Oklahoma in its entirety. Other Southern states, Georgia for example, have finally cleaned out the tick. In Northern Mississippi, where the dairy industry has made great strides the tick has been eliminated and in the southern part of the state the residents have gotten wise and are working for the elimination of the tick.

There is no question but that the development of either phase of the cattle industry is handicapped by the presence of the tick. There is no question either, but that this county should progress along lines that will result in the development of the dairy industry. The fathers of Brazos must get away from the one crop system of farming and this territory, by reason of climatic conditions and location with relation to large markets is admirably adapted to this development. Cattle may be fed more cheaply here than in northern dairy centers—all items of operating costs should be lower—and by this token profits should be larger if the business is managed on the same basis of efficiency. Let us continue to boost for the development of this industry here, since it is of real importance to all of us—rural and urban dwellers alike—and let us keep the importance of eliminating the tick always in mind until this has been accomplished.

The acceptance of the New Jersey senatorship by Dwight Morrow takes from the list of this country's foreign ministers one of its most valuable members, as demonstrated by his work in Mexico, but we can be consoled by the fact that the United States senate is at least in as great need for this same type of brain and activity as our diplomatic corps.

## BRAZOS COUNTY

### Boys' And Girls' Club Department

Club Notes and Farm News by County Agent C. L. Benson and Home Demonstration Agent Lucy Givens

#### Better Farming Boosted

Of the \$10,700 in the Nacogdoches Chamber of Commerce budget, more than \$5000 is used annually to boost better farming in that county, 700 club members, 100 bushels of corn per acre, 2 bales cotton per acre, and a great county fair being some of the evidences of the good results being obtained. For several years that genial banker, Captain I. L. Sturdevant, has been chairman of the rural development committee, and the monument he is helping to build for a better agriculture will be more lasting than the "Old Stone Fort," built so far back that nobody knows when.

#### Pay Tomato Asso. Dues

During the past week the officers of the Brazos County Tomato Growers' Association have been busy visiting practically every part of the county, urging the farmers to pay their dues of \$1.50 each to enable the superintendent to begin his work on hot beds and do other needed work for the success of the enterprise. The attendance at meetings held at Smetana, Reliance, Kurten, Edge, Tabor, Leonard and Shirock indicated considerable interest, yet there seems to be some who hesitate to get into the game, thus making it hard for the association to make progress.

#### Rye Farm Level Here

The farm level purchased by the Rye 4-H Club for the community, has arrived and will be delivered as soon as the county agent returns from the Houston meeting. Chairman Joe Merka just as well get his farms spotted, those Rye club boys are "rearing" to go.

#### Edge Terracing

Every farmer in the Edge community should attend the demonstration in terracing at the A. V. Wilson farm Thursday and learn how to run terrace lines, and discuss with the county agent the problems in terracing. The county agent is not supposed to do your terracing, but merely show groups of farmers how to do the work.

#### Tabor Club Meet

The Tabor Boys' and Girls' 4-H Club will meet Friday night of this week to elect officers for the next year, and plan for the biggest year in club work. Don't miss that attendance prize.

#### Good Land For Tomatoes

De McEnry, representative of Newton-Wallace tomato shippers, who has been a successful tomato grower for 12 years, says: "In picking land, don't pick poor land for tomatoes. The highest, well-drained piece of good strong land is the best. Bermuda pastures, where the land is strong is good for early tomatoes. Old weed patches and fresh land is also good." Mr. McEnry says that on a 5 year average Bermuda pasture will make \$100 more tomatoes per acre than land without Bermuda, the cost of cultivating being only about \$10 more.

#### Terracing To Stop

County agents have been asked to send in their annual reports by Dec. 25, hence all terracing demonstrations in Brazos county will stop after this week, till after the holidays. Please take due notice and let it be so done.

#### Send In Reports

This is the last call for reports both 4-H Club reports and reports from adult farmers. The Live-At-Home reports are short by several, as it requires ten reports before competition for Chamber of Commerce prizes may be considered.

Louise Seaman, aged 12, is one of the most active 4-H workers in the Kurten club. She has made rapid progress in sewing this year and among other things done to help her mother she states "I have also made 9 handkerchiefs, two garments for my four year old sister and have hemmed cup towels for mother."

Gladys Jones of the Kurten club states in her report that she lost only one chick out of a flock of 44 and attributes her success to the facts that her hens were healthy blood tested birds and that the chicks were properly fed and housed.

In speaking of will resistant to

### Bryan Pythians Will Be Honored Houston Monday

Two well known Pythians, who have been active in the affairs of the order will be awarded royal prince jewels at a meeting of El Tex Temple of Houston, to be held Monday night. They are R. M. Damsky and J. R. Fain. The honor degrees were conferred at the Imperial Palace session held in Whinnip last summer, but formal presentation has been postponed until next Monday.

matos, Gladys Jones says: "I raised a lot of fine tomatoes. I sure hope I can get some of the seed for next year as they didn't die with the wilt and they were planted by the side of some others that did die with it."

Inez Higgs of Rye is happy to report that her club is 100 per cent in club records and every member is already busy on 1930 home improvement work. This club is striving to increase production for another year so all plan to do their best on garden and poultry demonstrations.

### Poultry Profit Is Garnered by Smetana Youth

During the second week in February 1929, Alphonse Habarta, a 4-H Club boy of Brazos county who had chosen poultry for his club project, got 500 White Leghorn chicks from a local hatchery and placed them in his brooder house at his home near Smetana. Since that date, Alphonse has sold fryers with a net profit of \$113.60 and eggs with a net profit of \$123.40, a total of \$237.00 above cost of feed, etc., and he still has a flock of 217 hens and 12 cocks, conservatively valued at between \$350 and \$400. Not so bad for a school boy, is it?

Probably the most important feature of Alphonse's success in the chicken business, is the fact that his brooder houses, feeders and other equipment were all of a very practical sort and might be had by any Brazos county farm at a nominal cost for building materials and a few hours of carpenter labor that most any man of boy of 15 years might do.

Nor was it all smooth sailing for Alphonse; for when his chicks were about six weeks old, coccidiosis broke out in his flock and it looked like his losses would be serious. Alphonse got in touch with the poultry specialist, E. N. Holmgren, with the Extension Service and immediately got busy carrying out his advice as to disinfecting brooders and houses and proper feeding to overcome the disease, and the fact that the total losses from Alphonse's flock was 40 chicks, and the fact that prompt and proper attention is effective in arresting this scourge among chickens.

During the past week, Alphonse has had his adult birds blood tested for coccidiosis so that in using eggs for hatching purposes he may reduce the danger from that disease among his birds hatched this spring.

A laying mash supplemented by some green stuff and plenty of scratch, is keeping egg production up fairly well for this season of the year in Alphonse's flock and with eggs selling at 50 cents per dozen, his income even now is sufficient to cover the feed bill and leave a profit. A good deal of home grown feed is being used in his egg ration.

### Edge Items

Don't fail to see "Two Days To Marry," to be given at the Edge auditorium Friday night. If you want to smile out loud, just be there. The cast: James J. Dare, Henry Blazek, Imogene McShane, Eunice Mae Hill, Ruford Sawyer, LeFee McKnight, Walter Blair, Carlton Hibbetts, Sadie L. Boise, Mrs. Carlton Hibbetts; Simon P. Chase, Francis Hibbetts; Emily Jane Pink, Marie Boenigk.

A group of young people went on an "opossum hunt" Thursday night, accompanied by Mr. and Mrs. Jno. E. Payne. Everyone had a very enjoyable time although most of them were walked down. Geo. Nash and family of King's Highway visited A. Corgey and family Sunday.

We are sorry to report that we have lost two of our patrons, W. R. Henry and family have moved to Bryan and Mr. Burge Frame and family have moved to Bryan.

E. B. Moore and family visited Mrs. P. T. Moore Sunday. The Edge Sunday School classes gave a short program at the Edge auditorium Sunday night.

Mr. and Mrs. Jno. Payne, Miss Bertha Mae and Emma Elliott, Marie Boenigk and Jerry Payne went to Normangee Saturday night to attend the picture show.

A party was given at Mr. and Mrs. Chas. Griffin's Friday night for the young folks. Everyone reported a good time.

Mr. and Mrs. Albert Closs and Joe Bailey Pack spent Sunday with relatives of Edge.

Mr. and Mrs. Glenn Stinnett are spending the day here with Mrs. Stinnett's parents, Mr. and Mrs. E. F. Parks. They are returning to their home in Franklin after attending the annual conference of county agents in the 6th district of the Texas Extension Service, which was held in the Ben Milam Hotel at Houston yesterday.

### Funeral Service For H. C. Fulgham; Died Monday

The death of Henry Craig Fulgham, highly esteemed citizen of Bryan, at the family home, 3305 East 28th Street, Monday at 9 p. m., has brought sadness to many hearts, even in the midst of pre-Christmas pleasures. For several weeks, Mr. Fulgham had been quite ill.

Funeral services were held at the family home this afternoon at 2 o'clock, conducted by his pastor, Rev. R. S. Marshall of the First Methodist church and at 3:10 p. m. the body was shipped over the Southern Pacific Lines to Crystal Springs, Miss., his boyhood home, for interment in the family burying ground there, on Wednesday afternoon at 3 o'clock. Mrs. H. C. Fulgham and the seven-year old son Henry C. Fulgham Jr., accompanied the body to Mississippi, also Mrs. Theodore H. Kendall of Jackson, Miss., a sister of the deceased, who had been at his bedside for several weeks. Harry S. Estill of the Lawrence Grocery Company of this city, of which Mr. Fulgham was manager, and other representatives of the company also accompanied the body to its last resting place.

Henry Craig Fulgham was born September 1, 1879, at Carpenter, Miss., and was a son of Nathan Fulgham and Mary McKee Fulgham. He was reared in Crystal Springs and was married to Mary Holbert Howell of that place in 1906.

Forming a business connection with the Nacogdoches Grocery Company in that same year, he and his bride came to Texas to make their home. Upon the organization of the Lawrence Grocery Company of this city, Mr. Fulgham formed a business connection with the new company, and for the past seventeen years has made his home in this city. As business manager of the Lawrence Wholesale Grocery Company of Bryan, and the branch houses at Hearne and Caldwell, H. C. Fulgham has served through the years, with honor to himself and to the company with which he was connected. Mr. and Mrs. Fulgham, during their residence in this city, have taken an active part in the civic, educational and religious life of Bryan as well, and the entire city mourns with the widow and little son today in the loss of a valuable citizen, loving husband and father.

The deceased was a member of the First Methodist church of this city, a Mason, and a member of the Bryan Rotary Club.

He is survived by his widow, and one little son, Henry C. Fulgham Jr., of this city; one brother, H. McKay Fulgham of Jackson, Miss., and one sister, Mrs. Theodore H. Kendall, also of Jackson, Miss.

Burial services were held at the funeral home this afternoon in Bryan were: Active—John M. Lawrence Jr., M. P. Walker, Harry S. Estill, Hiram T. Downard, Elton Stuart, A. W. Clement.

Honorary pall bearers—John M. Lawrence Sr., Dee Mike, W. J. Coulter, F. Hawkins, John Blasien, N. N. Snapp, J. S. Mooring, Jno. F. Ette, E. H. Astin, W. S. Mial, E. W. Crenshaw, R. R. Cole, John Braddus, E. M. Rutherford.

### VOLUME OF CREAM ON ROUTE NO. 1 GROWS

D. J. McDonald was added to the list of patrons on cream route No. 1 as the truck made its third run this morning.

The volume of cream collected shows a very satisfactory increase. On the initial run one week ago, the volume was 102 pounds. On the second run made later in the week, the amount was 114 pounds. Today's collection totalled 140 pounds, according to E. E. Yeager who is furnishing the truck for collections at this time.

### Brazos Youths In U. S. Service On Visit Home

A. D. Martin Jr. has arrived here from Washington, D. C., to spend a two weeks holiday with his parents, Prof. and Mrs. A. D. Martin. He was accompanied by Paul Beard, who is stationed at Langley Field, Norfolk, Virginia, and who will also enjoy a vacation with home folks at Kurten. Both Martin and Beard were members of the graduation class last June at A. & M. College.

Martin is employed in the Bureau of Standards at Washington, D. C., and is in charge of the radio testing station. He received his appointment through the civil service after having qualified by competitive examination. Beard is connected with Langley Field, one of the important aviation centers of the East.

### INTEND TO MARRY

Two couples filed notice of intention to marry and applications for marriage licenses with County Clerk Jess B. McGee Saturday. They were Neal Nutall and Beatrice Donley and Manuel Yberria and Anastasio Lara.

### NOT IN RACE SAYS BARRON IN INTERVIEW

HAS NOT AUTHORIZED ANY ANNOUNCEMENT FOR LIEUT. GOV.

"I have authorized no one to announce me as a candidate for any state office," said W. S. Barron of Bryan, speaker of the 41st legislature, this morning in referring to the statement reported made by Rep. Ray Holder of Lancaster last Saturday to the effect that headquarters would be opened in Dallas, early in the spring, in the interest of a campaign to be waged by the speaker for the office of lieutenant governor.

Mr. Barron stated this morning that the news was a surprise to him. "I have been urged by friends in various sections of the state to announce for various offices, but I have not made up my mind whether or not to follow any of these suggestions and will not until during or after the coming special session of the legislature. One thing is sure, that I have made no decision on this matter and have not announced or authorized any announcement of my candidacy."

"I appreciate the interest of friends in my political future and am grateful for offers of support made to me, but there are other matters for me to consider, that are highly important, before I can reach any decision in the matter of declaring for public office in the future."

Rep. Holder was a strong supporter of Barron in his race for the speakership and is credited with having had much to do with the success of that campaign.

### Colored Lamps To Make Streets Bower of Beauty

Main Street and Bryan Avenue will be turned into brilliant avenues of vari-colored light tonight when the special street lighting is turned on and this will be used each night until after the holiday season. This lighting scheme, which was used during the East Texas Chamber of Commerce convention, attracted much attention and favorable comment and earned Bryan the reputation of being one of the best and most attractively lighted cities in Texas.

Merchants who have special lighting effects are urged to turn these on and residents who make a practice of displaying Christmas trees with attractive lighting effects also are urged to put these to use, in order that more of the Christmas spirit be developed and before the dawn of the holiday.

### BAPTIST MISSIONARY TELLS OF CHINA NEEDS

Rev. C. L. Culpepper, Baptist missionary to China for the past six years, who is at home on his furlough, spoke at the First Baptist church Sunday morning at the 11 o'clock hour to a large audience. Rev. Culpepper is an earnest and forceful speaker, and gave to his hearers an impression of China, its needs, and the conditions existing among the millions there, which brought a new vision especially to those who are less missionary than some others.

### Christmas Tree For Episcopal Student Group

Special Christmas music by a student choir and solos by cadets, J. F. Cutsinger and Bob Rankin, were features of the evening prayer hour with the Episcopal student group. Cutsinger sang "Ad-este Fideles" and Rankin "Holy Night."

The address given by Rev. Wm. Wesley Daup, student pastor, followed a holiday theme and a Christmas tree with candy provided by Rev. and Mrs. Daup was planned to give pleasure for the students and their guests from the campus and from Bryan.

A box of cigars for Rev. Daup and a beautiful piece of silver for Mrs. Daup, were presented by Bill Dorey, president of the student group on behalf of his associates and as a token of appreciation from the students to Rev. and Mrs. Daup for their untiring effort in the interest of the student group.

### BRYAN NIMRODS LEAVE FOR BIG DEER HUNT

Rev. R. E. Day, Roy W. Nunn and Dr. L. O. Wilkerson, left Bryan early this morning on a deer hunt, expecting to be joined at San Antonio by a party of other hunters. They will hunt in the thickets below San Antonio to the west, where, it is said, deer are abundant. The friends of these Bryan hunters are hoping the hunt will be successful, as they have promised much venison for Christmas feasts.

Mrs. W. B. Cline has invited the members of the President's Club of this city to be her guests at luncheon, Thursday, Dec. 19, at 1 p. m.

Mr. and Mrs. Marion F. Hemphill and Ion Fred of Normangee, were among the Bryan business visitors today.

Miss Mahdie Jones is spending a part of the holiday season in Houston with relatives.

Miss Daisy Hicks who has held the position of secretary for the past year in the office of John A. Moore Insurance Company, left today for Longview where she has accepted a similar position.

### CATTLEMEN OF TWO COUNTIES AFTER WOLVES

FORM ASSOCIATION; WILL PAY BOUNTY FOR SCALPS

Brazos and Grimes county cattlemen formed an association at a meeting here this afternoon for the purpose of cooperating to get rid of wolves which have been making heavy inroads on flocks and herds, especially in the sections of both counties bordering on the Navasota river. The cattlemen agreed to pay a bounty of \$25 for each adult animal killed and \$5 for each pup. Brazos county will pay an equal amount, making a total bounty of \$50 for adults and \$10 for pups.

The county commissioners of Brazos county were advised last Monday that some action should be taken and at that time agreed to pay as high as \$25 for adult wolf scalps and \$5 for pups if the cattlemen would put up a similar sum. In view of the fact that Grimes county is not in the district where bounties are authorized by the legislature an effort will be made by Speaker W. S. Barron of Bryan to have this situation corrected at the next session of the legislature. Until that time Brazos will pay the bounty regardless of whether the wolves are killed in this county or Grimes.

The cattlemen today elected Knox T. Williams of Mulvan secretary and treasurer and those who attended the meeting will endeavor to enlist their neighbors in the association. Twenty stockmen, eight of them from Grimes county, attended the meeting. They were Templeman and Sanzster, J. C. Cheney, Alex. Moody, L. Allen, Leonard Allen, John Moody, H. C. Churchwell and J. J. Moody of Grimes and James Barker, H. P. Damsky, A. C. Williams Estate, John McCulloch, Walter Smith, Ty Smith, Eb Allen, R. N. Little, R. P. Trant, W. Wipprecht, K. T. Williams and Sheriff J. C. Reed of Brazos.

According to County Commissioner Guy F. Boyett of Brazos county, more than \$5,000 worth of cattle and sheep have been destroyed this year in the southern part of Brazos county and about a score of wolves killed. Stockmen in the northern part of Grimes county also report heavy losses.

M. E. Kent, division engineer of the Missouri Pacific Lines, with headquarters at Houston, was in Bryan today on business with city officials.

Mrs. W. L. Steele of Navasota is the guest of Mrs. J. H. Sanders in the W. S. Barron home.

Miss Ruth Wynn, a student of Southwestern University, is at home for Christmas holidays with her parents, Mr. and Mrs. J. H. Wilcox.

## MASONIC BANQUET

(Continued from page 1)

Austin chapter; E. P. Lyons, toastmaster; College; P. L. Tracey, president; College Masonic Club; College; Will K. Gibbs, Junior warden; Brazos Union Lodge No. 129, representing G. A. Long, W. M., who was out of the city.

Those who heard the address were filled with enthusiasm and learned much of Masonry and its symbolism.

A. Duncan and his lieutenant, J. Clifton Hotard, furnished their usual excellent service and an appetizing menu which was thoroughly enjoyed by all present.

Capt. Lyons provided an entertaining toastmaster, while Will Gibbs proved that he is a talker as well as a business man in his remarks, and F. E. Lichte in his introduction of the speaker used his usual short but pleasant manner of address.

The majority of the guests were college students and demonstrated that the College Masonic Club under the direction of P. L. Tracey, president, and the other officers is one of the liveliest Masonic clubs in the history of the college.

Probably the most enjoyable feature was the program rendered by the Aggieband Orchestra which furnished the music for the occasion. They received enthusiastic encores and placed the guests in a fit frame of mind to enjoy one of the best feasts and most excellent addresses of the season to the fullest extent.

All present pronounced the event a huge success and W. O. Alexander and others responsible for the program were congratulated.

Those present were: Frank Oldham, Waco; C. A. Searcy, district deputy 29th district, Bryan; T. M. Bartley, grand recorder of the Grand Council of Texas and grand secretary of the grand chapter, Waco; F. E. Lichte, secretary; Stephen F. Austin chapter No. 87; Capt. E. P. Lyons, College; P. L. Tracey, Will K. Gibbs, J. G. Peniston, Guy Hinds, J. Clifton Hotard, J. Emolee Hudson, W. T. Hardy, R. J. Buchanan, H. E. Smith, C. D. Clardy, C. R. Cowart, C. A. Tracey, M. Sessions, R. M. Kennedy, H. C. Dillingham, N. K. Farmer, J. O. Banks, J. K. Reynolds, F. E. Bortle, R. N. Winders, R. O. Robertson, W. B. Clite, J. B. Williams, A. N. Blackwood, A. E. Cartell, J. W. Vaughan, Geo. Dummett Jr., C. Valle Jr., H. W. Childers Jr., C. H. Northrup Jr., G. M. Vick, R. T. Stuffs, J. C. Cheatham, V. K. Sugard, Maryn Hays, L. A. Teasley, G. H. Norman, Gabe Lewis, Richard J. Dunn, Chas. H. Hebberson, Frederick A. Burt, O. O. Hebberson, S. W. Brazos Union No. 430, A. C. Holcomb, Dr. R. P. Muste, W. O. Alexander, W. A. Vaneas and S. C. Hoyle.

## COMMUNITY

(Continued from page 1)

Borah, M. A. and M. College, thanking the club for the part it played in entertaining the members of the 1929 football team last week.

## LAREDO LOSES

(Continued from page 1)

phone conversation Tuesday with the president of the Laredo Chamber of Commerce, promised to ask the state department to take up with the Mexican government the closing of the Mexican consulate at Laredo.

Matias de Llano, president of the chamber, told Governor Moody of the "serious condition" existing by the Mexican government's retaliatory action against District Attorney John A. Valls because Valls threatened to arrest former President Calles, and the governor promised to wire the secretary of state immediately, De Llano said. Moody will ask the secretary of state, De Llano said to request the Mexican government to reconsider its action, "and thereby alleviate the serious conditions existing at this point on the Texas-Mexican border, and the sufferings of innocent people and commercial interests that are not parties to the act of an individual."

Business men at a mass meeting Tuesday discussed the closing of the Mexican consulate and the cancelling of tourist permits, and appointed a committee to lay the matter before Valls. The meeting also ordered a telegram sent to the Mexican government asking a reconsideration of its action.

## Tabor News

Thursday night, Dec. 12, the Tabor auditorium was crowded to witness the play "Flap Goes the Flapper," presented by the Pep Squad girls. The play was carried out successfully. The characters performed their parts excellently. The people all enjoyed the play very much. We made the amount of \$21.05. We certainly appreciate the crowd that was present.

The visitors from out of the community were: Joe Wren and Miss Payne, who furnished the music; Miss Louise Fletcher, a seventh grade teacher; Miss Marguerite Dawkins, English teacher in high school, and J. F. Jenkins. All were from Normangee.

Mr. and Mrs. Brown Harrison have moved into their new home which has recently been completed. Miss Mary Ella Elliott who has been attending Byrne Business College at Dallas has returned home.

Mr. and Mrs. Aubrey Moore spent the week-end with Mr. and Mrs. J. M. Moore and family. Houston Worsham was a guest in the home of L. G. Blume Sunday.

Mr. and Mrs. J. T. Rice were guests in the home of George Barnes. Mr. and Mrs. Roland Hudspeth have recently moved to the home where Mr. and Mrs. L. G. Blume once lived.

L. G. Blume and family have recently moved to the Will Conrad farm.

The public is cordially invited to attend a Christmas tree, Christmas eve at the Baptist church.

Miss Della Rae Josey spent the week-end with her sister, Ozella Josey of Bryan.

Marie Walker who has been operated on for appendicitis is improving and hopes to be back in school soon.

Thursday morning, Dec. 12, the pupils of Miss Jenkins' room were busy decorating their room with youpon branches, holly, mistletoe and tinsel, and red and green paper. The appearance is very attractive.

Our room is working very hard on a Christmas program consisting of eleven readings, two songs and one short play. This program will

be presented at our Christmas tree Friday afternoon, Dec. 20.

The Tabor Welfare Club held its regular meeting at the high school auditorium Friday evening, Dec. 13. Tomato growing was the subject for general discussion. Will Jones, president of the Tomato Growers' Association in Brazos county, told how he had raised tomatoes and of the profits derived from them. Also we had a man who is head of the Tomato Growers' Association from Jacksonville with us who told the farmers here how to raise tomatoes successfully.

Some of the ladies presented a play, "Hiring a School Ma'am," and with the help of some of the students of the Tabor school presented another play entitled "Willie's First Day at School."

Walton Francis of Goose Creek, attended the basket ball game between Kurten and Tabor.

Mr. and Mrs. Ernest Walker's little baby is very ill. We hope it will recover soon. Mr. and Mrs. Walker have been spending a few days with Mr. and Mrs. George Walker.

Miss Estelle Armstrong entertained a few of her friends Saturday night.

Tabor high school will have a little Christmas tree Friday afternoon, December 20. The Parents are cordially invited to attend and also all those who wish to come. There will be a program which everyone will enjoy.

The Tabor high school candidates for graduation are Henry Schram, president; Jane Rudasill, secretary; Velma Holliday, reporter; Ezra Wilson and Mildred Seely. They will soon receive their class rings.

Joe Locke Jr. went to Bryan Friday after school. Friday night he went to a birthday party for Miss Lila Fae Vance, the daughter of Mr. and Mrs. F. M. Vance. There were twelve present at the party. He attended Sunday School and church at Bryan. After church Mr. Reese brought him home.

On Friday, Dec. 13, the Kurten basket ball teams, the junior boys, junior girls and the senior boys, all came to Tabor to play ball first. The junior boys played first and the score was in Tabor's favor 17 to 5. The next game was played by the girls and the game ended with Kurten 17 and Tabor 3. The senior boys played after these games were over. In the beginning of the game Kurten took the lead but when the half was over the score was Tabor 12 and Kurten 8. When the second half started both teams began to play hard. When the game was over the score was Tabor 22 and Kurten 12.

The Tabor community this week

shipped to Buckner Orphan Home fifty hens and thirty-five quarts of preserves.

## Prospect

On Thursday, Dec. 12, J. R. Stewart rounded out his "three score years and ten." On Sunday his children and neighbors gathered at his home to wish him a generous extension of years. Loving hands had prepared a sumptuous dinner and the eldest daughter, Mrs. Plummer Smith, provided the birthday cake with seventy candles. The guests did ample justice to ham, chicken, sausage, potatoes, collards, salads, pies, cakes and sauces and wished such feasts and congenial company came more often.

In the afternoon old fashioned tunes were played on the Victrola and then Mr. Stewart requested that Sunday School be conducted at his home, which was done.

Then the candles on the birthday cake were lighted and soon burned out and cake and grape juice were served to the guests.

One son, John Stewart, three daughters, Mrs. Plummer Smith, Mrs. Cled Warren and Mrs. Ella Way; six grand children, Helen, Lena Ruth, and Johnnie Easters, Gloria Warren, Morris and Junior Smith, were present. Plummer Smith and Mrs. Alice Newcomb of Bryan also were present. Among the neighbors were: Mr. and Mrs. Joe Beal, Mr. and Mrs. G. M. Terry and Mr. and Mrs. D. J. McDonald.

We regret to lose Joe Maghitto and family from our neighborhood. They moved to a place near Mumfords last week.

The school children will give a short program next Friday afternoon and school will be dismissed until Monday, Dec. 30.

Last month Carrie Cimino got the highest grade on deportment and Leonard Rice second highest. Bobbie Batten received the highest average and Flossie Wilson second in Mrs. McDonald's room.

## FRIDAY THE 13TH BRINGS TWINS TO PIPPIN HOME

Friday, the 13th, was a lucky day for Mr. and Mrs. Ray Pippin of this city, for it brought to their home twin babies, a six-pound boy and a five and one-half pound girl, both fine and the mother fine also.

The new babies and their mother are at the home of Mr. Pippin's parent, Mr. and Mrs. J. J. Pippin, near Fin-Feather Club and the father is so proud he is walking on the "air" as it were, receiving congratulations and happy in the possession of his dear little family.

ALWAYS  
DEPENDABLE MERCHANDISE

# Better Business—Better Living Better Living—Better Business

Did you ever stop to consider that most of the three score and ten years—the proverbial span of life—is spent in the Business of Living?

This Business of Living consists of trying to keep from starving or freezing—trying to live comfortably—getting our share of happiness out of life. To achieve this end we must all put forth an effort to accomplish, as the years go by.

Owing to the present complicated state of civilization—of which we are all a part—our efforts differ widely.

In this country less than half of us can produce more food and raw materials than all of us can consume.

This means that more than half of us must earn our living by making, distributing and marketing the products and services of benefit to one another.

No longer is each family a self-contained unit—producing all that the family needs. Today, as never before, we are dependent upon one another to successfully carry on the Business of Life.

Through depending upon others for the greater share of our needs there has been developed that all-important factor to human existence called Business.

Business today is carried out on the highest plane in the history of mankind. Our ancestors may have suffered in their business dealings in the days when the commercial slogan was "Buyer Beware!" Fortunately, the march of progress has forced such practices from the field.

Today the requirements for success demand that Business render a fair and honest service. Never has the phrase "he profits most who serves best" been so true as it is today.

**Service has made for Better Business and it has also made Business better!  
Better Business means Better Living. Better Living means Better Business.**

*If you have a "Better Business-Better Living" idea, pass it on to a business friend. Every concern represented in these pages is furnishing goods and services that make for better living. Their fundamental policy is the rule: "The most service and the best, at the least cost to the user." They realize that by fair and honest business methods they can contribute to Better Living in the community*
